

Greetings to all Stakeholders,

Ohio law requires the Vision Professionals Board (VPB) to review each rule every five years to determine if the rule should remain unchanged, amended, or eliminated. The Board is formally notifying you of the rules scheduled for review in 2020 to collaborate, seek input, as well as assess and justify any adverse impact on the business community. As a stakeholder, your feedback is encouraged!

If you wish to provide comments on any of the existing rules listed below, **please respond on or before MONDAY, JANUARY 20, 2020 to RULES@Vision.Ohio.gov**. Please refer to the specific rule and what section a change should occur. *All feedback* will be considered by the Board Rules Committee meeting.

4725 VISION PROFESSIONALS BOARD – SCOPE OF PRACTICE (13 total rules)
